**INFORMATION ABOUT MECHANICS' LIENS**

A mechanics' lien must be recorded within 90 days after the completion of the work of improvement, as a whole unless the owner records a notice of completion. If a notice of completion is recorded, the mechanics' lien must be recorded within 30 days thereafter unless the claimant is a general contractor or specialty contractor who contracted directly with the owner; in which case the mechanics' lien must be recorded within 60 days after the notice of completion was recorded. A mechanics' lien expires unless a foreclosure suit is filed within 90 days after the lien was recorded. The Mechanics' Lien Law is frequently amended. If you have any question as to procedure, see your attorney.

These are the basic time periods. For an explanation of variations on these time periods, and a full explanation of the Mechanics' Lien Law, see Chapter 9 of California Construction Law Manual (Building Industry Publishing Company, 1666 Corinth Avenue, Los Angeles, California 90025).

**RECORDING INFORMATION**

The mechanics' lien must be recorded in the county where the job is located. The 1985 fee for recording one page is \$5.00, plus \$2.00 for each additional page or fraction thereof. However, this price is subject to change and should be checked with the County Recorder's office, since the recorder will not record a document unless it is accompanied by the correct fee.

**INTEREST RATES**

To establish the proper interest rate to be charged on the unpaid balance look to the contract provisions. If the contract does not specify the rate, or if the contract is oral, the legal rate of interest is 10% per annum.
