GRANT AGREEMENT

DEPARTMENT OF TRANSPORTATION

FEDERAL AVIATION ADMINISTRATION

Part 1 - Offer

BARBARA REED

Date of Offer

SEP 19 1997

Minden-Tahoe Airport/Planning Area

Project No. 3-32-0013-08

Contract No. DTFA08-97-C-30862

TO: **Douglas County**

(herein called the "Sponsor")

FROM: The United States of America (acting through the Federal Aviation Administration, herein called the "FAA")

WHEREAS, the Sponsor has submitted to the FAA a Project Application dated August 12, 1997, for a grant of Federal funds for a project at or associated with the Minden-Tahoe Airport/Planning Area which Project Application, as approved by the FAA, is hereby incorporated herein and made a part hereof; and

WHEREAS, the FAA has approved a project for the Airport or Planning Area (herein called the "Project") consisting of the following:

Resurface Runway 12-30 and portions of Taxiway B

all as more particularly described in the Project Application.

NOW THEREFORE, pursuant to and for the purpose of carrying out the provisions of Title 49, United States Code, as amended, and in consideration of (a) the Sponsor's adoption and ratification of the representations and assurances contained in said Project Application and its acceptance of this Offer as hereinafter provided, and (b) the benefits to accrue to the United States and the public from the accomplishment of the Project and compliance with the assurances and conditions as herein provided, THE FEDERAL AVIATION ADMINISTRATION, FOR AND ON BEHALF OF THE UNITED STATES, HEREBY OFFERS AND AGREES to pay, as the United States share of the allowable costs incurred in accomplishing the Project, 93.75 percent of the allowable project costs.

The Offer is made on and subject to the following terms and conditions:

Conditions

1. The maximum obligation of the United States payable under this offer shall be \$1,031,000.00. For the purposes of any future grant amendments which may increase the foregoing maximum obligation of the United States under the provisions of Section 512(b) of the Act, the following amounts are being specified for this purpose:

\$0.00	for planning
\$1,031,000.00	for airport development or noise program implementation.

- 2. The allowable costs of the project shall not include any costs determined by the FAA to be ineligible for consideration as to allowability under the Act.
- 3. Payment of the United States share of the allowable project costs will be made pursuant to and in accordance with the provisions of such regulations and procedures as the Secretary shall prescribe. Final determination of the United States share will be based upon the final audit of the total amount of allowable project costs and settlement will be made for any upward or downward adjustments to the Federal share of costs.
- 4. The sponsor shall carry out and complete the Project without undue delays and in accordance with the terms hereof, and such regulations and procedures as the Secretary shall prescribe, and agrees to comply with the assurances which were made part of the project application.
- 5. The FAA reserves the right to amend or withdraw this offer at any time prior to its acceptance by the sponsor.
- 6. This offer shall expire and the United States shall not be obligated to pay any part of the costs of the project unless this offer has been accepted by the sponsor on or before September 30, 1997 or such subsequent date as may be prescribed in writing by the FAA.

- 7. The sponsor shall take all steps, including litigation if necessary, to recover Federal funds spent fraudulently, wastefully, or in violation of Federal antitrust statutes, or misused in any other manner in any project upon which Federal funds have been expended. For the purposes of this grant agreement, the term "Federal funds" means funds however used or disbursed by the sponsor that were originally paid pursuant to this or any other Federal grant agreement. It shall obtain the approval of the Secretary as to any determination of the amount of the Federal share of such funds. It shall return the recovered Federal share, including funds recovered by settlement, order or judgment, to the Secretary. It shall furnish to the Secretary, upon request, all documents and records pertaining to the determination of the amount of the Federal share or to any settlement, litigation, negotiation, or other efforts taken to recover such funds. All settlements or other final positions of the sponsor, in court or otherwise, involving the recovery of such Federal share shall be approved in advance by the Secretary.
- 8. The United States shall not be responsible or liable for damage to property or injury to persons which may arise from, or be incident to, compliance with this grant agreement.
- 9. The attached new Part V Assurances dated 5/97, are hereby made a part hereof.
- 10. Except for instrument landing systems acquired with AIP funds and later donated to and accepted by the FAA, the Sponsor must provide for the continuous operation and maintenance of any navigational aid funded under the AIP during the useful life of the equipment. The Sponsor must check the facility, including instrument landing systems, prior to commissioning to ensure it meets operational standards. The Sponsor must also remove, relocate, or lower each obstruction on the approach or provide for the adequate lighting or marking of the obstruction if any aeronautical study conducted under FAR part 77 determines that to be acceptable; and mark and light the runway, as appropriate. The Federal Aviation Administration will not take over the ownership, operation, or maintenance of any Sponsor-acquired equipment, except for instrument landing systems.
- 11. **Buy American Requirement.** Unless otherwise approved by the FAA, it will not acquire or permit any contractor or subcontractor to acquire any steel or manufactured products produced outside the United States to be used for any project for airport development or noise compatibility for which funds are provided under this grant.
- 12. The sponsor agrees to perform the following:
 - Furnish a construction management program to FAA prior to the start of construction which shall detail the measures and procedures to be used to comply with the quality control provisions of the construction contract, including, but not limited to, all quality control provisions and tests required by the Federal specifications. The program shall include as a minimum:
 - a. The name of the person representing the sponsor who has overall responsibility for contract administration for the project and the authority to take necessary actions to comply with the contract.
 - b. Names of testing laboratories and consulting engineer firms with quality control responsibilities on the project, together with a description of services to be provided.

0422935

- c. Procedures for determining that testing laboratories meet the requirements of the American Society of Testing and Materials standards on laboratory evaluation, referenced in the contract specifications (D 3666, C 1077).
- d. Qualifications of engineering supervision and construction inspection personnel.
- e. A listing of all tests required by the contract specifications, including the type and frequency of tests to be taken, the method of sampling, the applicable test standard, and the acceptance criteria or tolerances permitted for each type of test.
- f. Procedures for ensuring that the tests are taken in accordance with the program, that they are documented daily, and that the proper corrective actions, where necessary, are undertaken.
- 2. Submit at completion of the project, a final test and quality control report documenting the results of all tests performed, highlighting those tests that failed or did not meet the applicable test standard. The report shall include the pay reductions applied and reasons for accepting any out-of-tolerance material. An interim test and quality control report shall be submitted, if requested by the FAA.
- 3. Failure to provide a complete report as described in paragraph 2, or failure to perform such tests, shall, absent any compelling justification, result in a reduction in Federal participation for costs incurred in connection with construction of the applicable pavement. Such reduction shall be at the discretion of the FAA and will be based on the type of types of required tests not performed or not documented and will be commensurate with the proportion of applicable pavement with respect to the total pavement constructed under the grant agreement.
- 4. The FAA, at its discretion, reserves the right to conduct independent tests and to reduce grant payments accordingly if such independent tests determine that sponsor test results are inaccurate.
- 13. It is understood and agreed by and between the parties hereto that this Grant Offer is made and accepted upon the basis of preliminary plans and specifications; and the parties agree that within 180 days from the date of acceptance of this Grant Offer, the Sponsor shall furnish final plans and specifications to the FAA, that no construction work will be commenced hereunder, and that no contract will be awarded for the accomplishment of such work until the said final plans and specifications have been approved by the FAA; and the parties do further agree that any reference made in this Grant Offer or in the aforesaid Application to plans and specifications shall be considered as having reference to said final plans and specifications as approved.

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and this Offer and Acceptance shall comprise a Grant Agreement, as provided by the Act, constituting the contractual obligations and rights of the United States and

0422935

the Sponsor with respect to the accomplishment of the Project and compliance with the assurances and conditions as provided herein. Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer.
