Mr. Darin Whatcott
Building Official, Douglas County

Re: Sub-panel location at the above new residence

Dear Mr. Whatcott:

This is a release of any future liability claims against Douglas County for a non-conforming electrical sub-panel located at my residence. I understand that the panel located in my laundry room area does not meet Electrical Code requirements and I release Douglas County of any responsibility concerning this matter.

I also understand that "qualified personnel" are the only persons allowed to access the panel and a permanent label shall remain on the panel stating such.

Respectfully,

Melvyn L French
