ADDITIONAL TERMS AND CONDITIONS

1. Construct a 20' wide NDOT Type 5 approach at "HES" 634+14 (DO 10.98) left, with an 18" culvert with flared end sections as per the attached detail.
2. It shall be understood by the Permittee that this approach may sometime in the future be reduced to a right-in/right-out only configuration. By commencing work under this permit, the Permittee agrees to accept this condition and also agrees to not hold the Department of Transportation responsible for any costs or damages that may result from this change. The Permittee shall have this encroachment permit recorded through the County Recorders Office. A conformed copy shall be returned to NDOT.
3. Permittee shall contact the permit office at 775-834-8330 two (2) working days prior to construction and two (2) working days prior to any lane closures on the State's Right-of-Way.

TRAFFIC CONTROL AND SAFETY

4. All traffic control shall conform to the "Manual on Uniform Traffic Control Device," chapter 6, and 2001 Nevada Standard Plans. Traffic shall not be impacted more than 20 minutes.
5. All Category 1 & 2 Traffic Control Devices used on NDOT roadways shall be National Cooperative Highway Research Program (NCHRP) Report 350 compliant. The permittee and/or contractor shall have manufacturer's certificates of compliance available at the project site.
6. All traffic control devices are subject to being rated by the Permit Inspector for conformance to the current American Traffic Safety Services Association (ATSSA) publication "Quality Standards for Work Zone Traffic Control Devices" which is available from the American Safety Services Association, 5440 Jefferson Davis Highway, Fredericksburg, VA 22407, Phone: (703) 898-5400. Any device determined by the Inspector to not meet these quality standards shall be replaced with an acceptable device.

CONSTRUCTION PRACTICES

7. All work within NDOT's right-of-way shall be in compliance with the Americans with Disabilities Act (ADA).
8. All work within NDOT's right-of-way shall conform to the *State of Nevada Department of Transportation Standard Specifications for Road and Bridge Construction*, 2001 Edition and the *State of Nevada Department of Transportation Standard Plans for Road and Bridge Construction*, 2001 Edition.
9. A complete permit package including NDOT accepted traffic control plans shall be available at the job site at all times during construction. All contractors and subcontractors connected with work on this project shall have a complete copy of this permit with NDOT approved plans at the site at all times or the work will be closed down until a copy is made available.

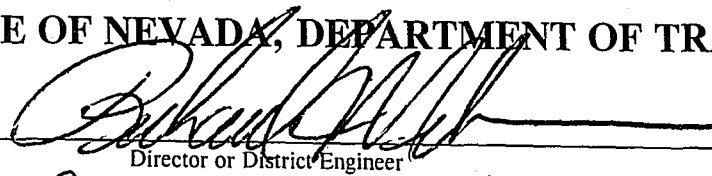

SITE MAINTENANCE DURING CONSTRUCTION

10. The Permittee shall be responsible for maintaining the integrity of the roadway surface. Dust, dirt, mud, gravel, etc. carried onto the roadway surface shall be cleaned off on a regular basis (at least once a day or as requested by NDOT personnel). Failure to comply may result in the Nevada Department of Transportation having the roadway cleaned and the cost for the clean-up billed to the Permittee.
11. Permittee shall return all highway appurtenances disturbed or destroyed to a condition equal to or better than the original and in accordance with NDOT Standard Plans and Specifications.

This Right-of-Way Occupancy Permit is granted to the PERMITTEE in accordance with the provisions of Chapter 408 N.R.S. and subject to the TERMS AND CONDITIONS stipulated to perform the work described.
