*[Handwritten Signature]*

1. The Owner wishes to demolish certain buildings on its property. The Owner warrants that it is legally entitled to demolish the buildings, is in possession of a Douglas County Demolition Permit, and that there are no liens or encumbrances against the structures that would prevent their demolition.

2. The Owner grants East Fork permission to conduct fire training exercises from April 19, 2004 to May 10, 2004 with these structures.

3. The owner warrants that there are no materials present that will pose a current or long-term detrimental or hazardous effect to the environment as a result of the exercises.

4. The owner understands that the fire training exercises will involve the use of fire, fire training equipment, large quantities of water, and other fire suppressants.

5. East Fork will use the buildings in training exercises for members of the participating volunteer fire departments and career staff which may cause their demolition or partial demolition. The Owner agrees to dispose of the debris left from the training exercises.

6. In consideration of the foregoing, the Owner agrees to indemnify and hold harmless East Fork, Douglas County, and the members of the volunteer fire departments participating in these fire training exercises, and all their agents, heirs, and assigns, from any claims made by third parties, as a result of any liens or other claims upon the structures, whether recorded or not, that result from the loss of the structure as a consequence of the fire training exercises. Further, the Owner holds East Fork, Douglas County, and members of the volunteer fire departments, their agents, heirs, and assigns, harmless for any damage which may result to the property or to any other property or to any
