**GRANT OF UNDERGROUND UTILITY EASEMENT
APN 1420-08-501-003**

This Grant of an Underground Utility Easement is made by and between the Conway Family Trust, Dennis and Marcia Conway, husband and wife (Grantor) and the legal property owner of Douglas County, Nevada Assessors Parcel Number 1420-08-501-001, and Assessors Parcel Number 1420-08-501-002, and Douglas County, Nevada (Grantee), a political subdivision of the State of Nevada.

That the Grantor hereby grants and conveys to the Grantee, both a temporary construction and permanent underground utility easement through a portion of APN 1420-08-501-001 and APN 1420-08-501-002, as more fully described in and incorporated by reference as Exhibits A. This Grant is in recognition of certain terms and conditions as set forth in a Settlement Agreement with the Grantee as more fully described in and incorporated by reference as Exhibit B.

All rights and remedies afforded by this Underground Utility Easement shall run with the land, and shall be binding upon the successors, agents and assigns forever.

Grantor hereby represents that this Grant of Underground Utility Easement has been duly executed and constitutes a valid, binding and enforceable obligation.

EXHIBIT "B"
Easement Settlement Agreement

EASEMENT SETTLEMENT AGREEMENT

Douglas County, Nevada, through the Douglas County Board of County Commissioners, (hereinafter Douglas County), the Conway Family Trust, Dennis and Marcia Conway, husband and wife (hereinafter the Conways) hereby agree as follows:

Recitals:

WHEREAS, Douglas County is in the process of constructing a Water Line Inter-tie Project to Carson City; and

WHEREAS, the Conways are the property owners of 3590 Center Drive (APN 1420-08-501-001 and APN 1420-08-501-002); and

WHEREAS, the Douglas County Public Works Department has identified the Conways land as being necessary for a temporary construction easement and permanent utility easement for the Water Line Inter-tie Project as more specifically identified in Exhibit A; and

WHEREAS, the easement will disturb the Conway's property and will open up access to their property where there was none before; and

WHEREAS, Douglas County and the Conways have reached a settlement agreement to provide for permanent access easement.

NOW, THEREFORE, in consideration of the mutual covenants hereinafter set forth, the parties agree as follows:

1. **Payment by Douglas County:** Upon the execution of this agreement by both parties and signing of the grant of easement by the Conways, Douglas County will issue a check to the Conways in the amount of \$13,900.00 (thirteen thousand and nine hundred dollars) as the value set forth in the appraisal for the easement across both APNs as set forth above. Once construction begins on the Conway's property, they will be paid the sum of \$425 per month while construction is ongoing on their property. Construction shall be deemed to have commenced once excavation begins on the property.

2. **Additional Conditions:** As part of the Water Line Inter-tie Project, Douglas County will also have installed approximately 330 feet of three-rail white vinyl fencing to restrict access to the Conway's property. The County will also provide a 1" (one inch) service lateral and meter pit on each APN to be placed at the edge of the easement at location determined by the Conways. There is no waiver

of any fees or other requirements by Douglas County once the Conways decide to connect to the water system. Douglas County will also provide a survey of the Center Drive easement and will also provide two four-inch (4") diameter conduits sufficient to span the existing roadway easement where the water line project crosses the roadway easement as well as two "Christy" type boxes.

- 3. **Easement Restrictions:** Both parties agree that this underground utility easement is only for below surface projects and only for projects those Douglas County initiates or is associated with. This is not a general access public utility easement. Both parties also acknowledge that appurtenant devices or structures associated with the underground easement may extend above surface.
- 4. **Right of Access:** The Conways agree to immediately provide right of access to the proposed easement to representatives of Douglas County Public Works Department or any contractors associated with them for the purpose of conducting surveying, geotechnical surveys and other requisite pre-construction tasks. When construction begins on the easement, the Conways will not interfere or hinder that process. Any issues that arise during construction shall be addressed to Douglas County Engineer Mahmood Azad.
- 5. **Construction of Agreement:**
This Settlement Agreement shall be construed and interpreted according to the laws of the State of Nevada. Any dispute regarding this Agreement shall be resolved by binding arbitration, with an arbiter to be selected from a list maintained by the Nevada Supreme Court of senior district court judges, with both parties to pay an equal share for the senior judge and any other related court fees. Each party is responsible for their own attorney fees unless there is a finding of willful misconduct by one party by the arbiter. There shall be no presumption for or against the drafter in interpreting or enforcing this Agreement.
- 6. **Entire Agreement:** This agreement contains the entire agreement between the parties. Any amendment or addition to this Agreement must be in writing and signed by the parties.

///
///
///
///

IN WITNESS WHEREOF, the parties hereto have caused this Settlement Agreement for permanent underground access easements on APN 1420-08-501-001 and APN 1420-08-501-002, to be signed and intend to be legally bound thereby.
