NOW, THEREFORE, in consideration of the agreements herein made, the parties mutually agree as follows:

1. DOCUMENTS INCORPORATED. The following exhibits are by this reference incorporated herein and are made part of this contract:

Except as otherwise provided in this contract, Contractor shall furnish all services, equipment, and materials and shall perform all operations necessary and required to carry out and perform, in accordance with the terms and conditions of the contract, the work described in Exhibit B.

3. PERIOD OF PERFORMANCE. Contractor shall perform and complete all work within the time periods set forth in Exhibit C. The time periods set forth in Exhibit C may only be altered by the parties by a written agreement to extend the period of performance or by termination in accordance with the terms of the contract. Contractor shall begin performance upon receipt of a Notice to Proceed from the County. The term of this contract shall end by no later than December 31, 2012.

4. COMPENSATION. Contractor agrees to perform the work for a total cost not to exceed Two-hundred Forty-one Thousand Six-hundred Ninety-nine dollars and 20 cents (\$241,699.20), which, unless otherwise provided in this contract, shall be paid in accordance with the provisions of Exhibit D. Unless otherwise provided in Exhibit D or unless Contractor has received a written exemption from the County, Contractor shall submit monthly requests for payment for services performed under this agreement. Requests for payment shall be submitted no later than fifteen (15) days after the end of each month and must include a detailed summary of the expenditures reported in a form that supports the approved budget. Specifically, Contractor agrees to provide the following with each request for payment:

1. Appropriate invoice forms. The forms shall include the project purchase order number, a listing of personnel hours and billing rates, and other expenditures for which payment is sought.

2. A progress report. The report shall include, for each monthly reporting period, a description of the work accomplished, problems experienced, upcoming work, any extra work carried out, and a schedule showing actual expenditures billed for the period, cumulative total expenditures billed and paid to date under the contract, and a comparison of cumulative total expenditures billed and paid to the approved budget.

The County will pay for work satisfactorily completed by Contractor. The County will pay Contractor within 30 days of approval by the County of the submitted invoice forms and progress reports. No payments will be made by the County until the invoice forms and progress reports have been submitted and approved. 1. DEFINITIONS. Unless otherwise required by the context, "Contractor" includes any of the Contractor's consultants, subconsultants, contractors, and subcontractors

Unless otherwise required by the context or unless no County Representative is designated under General Condition ¶ 4 of this agreement, "County" means the person designated under General Condition ¶ 4 of this agreement.

2. INDEPENDENT CONTRACTOR STATUS AND PROVISION OF WORKERS COMPENSATION COVERAGE. The parties agree that Contractor shall have the status of and shall perform all work under this contract as an independent contractor, maintaining control over all its consultants, subconsultants, contractors, or subcontractors. The only contractual relationship created by this contract is between the County and Contractor, and nothing in this contract shall create any contractual relationship between the County and Contractor's consultants, subconsultants, contractors, or subcontractors. The parties also agree that this contract, by explicit agreement of the parties, incorporates and applies the provisions of Nev.Rev.Stat. § 284.713, as necessarily adapted, to the parties, including that Contractor is not a County employee and that there shall be no:

- (1) Withholding of income taxes by the County;
- (2) Industrial insurance coverage provided by the County;
- (3) Participation in group insurance plans which may be available to employees of the County;
- (4) Participation or contributions by either the independent contractor or the County to the public employees retirement system;
- (5) Accumulation of vacation leave or sick leave provided by the County;
- (6) Unemployment compensation coverage provided by the County if the requirements of NRS 612.085 for independent contractors are met.

Contractor further agrees, if applicable (and Contractor bears the sole responsibility for producing proof satisfactory to the County that these provisions are not applicable to Contractor), as a precondition to the performance of any work under this contract and as a precondition to any obligation of the County to make any payment under this contract to provide the County with a certificate of a qualified insurer in accordance with NRS 616B.627 certifying that the contractor has complied with the provisions of chapters 616A to 626D of NRS. Contractor also agrees, if applicable and before commencing any work under the contract, to complete and to provide the following written request to its insurer:

(Company Name) has entered into a contract with Douglas County to perform work from (starting date) to (ending date) and requests that the Insurer provide to Douglas County 1) a certificate of coverage issued pursuant to Nev. Rev. Stat. § 616B.627 and 2) notice of any lapse in coverage or nonpayment of coverage that the contractor is required to maintain. The certificate and notice should be mailed to:

Douglas County Manager
Post Office Box 218
Minden, Nevada 89423

Contractor agrees, if not exempt, to maintain required workers compensation coverage throughout the entire term of the contract. If contractor does not maintain coverage throughout the entire term of the contract, contractor agrees that County may, at any time the coverage is not maintained by contractor, order the contractor to stop work, suspend the contract, or terminate the contract. For each six month period this contract is in effect, contractor agrees, prior to the expiration of the six month period, to provide another written request to its insurer for the provision of a certificate and notice of lapse in or nonpayment of coverage. If contractor does not make the request or does not provide the certificate before the expiration of the six month period, contractor agrees that County may order the contractor to stop work, suspend the contract, or terminate the contract.

3. STANDARD OF CARE. Contractor shall be responsible for the professional quality, technical accuracy, timely completion, and coordination of all work performed under this contract. Contractor represents that all work shall be performed with the degree of professional skill, care, diligence, and sound practices and judgment which are normally exercised by recognized professional firms with respect to services of a similar nature. It shall be the duty of Contractor to assure at its own expense that all work is technically sound and in conformance with all applicable federal, state, and local laws, statutes, regulations, ordinances, orders, or other requirements. In addition to all other rights which the County may have, Contractor shall, at its own expense and without additional compensation, re-perform work to correct or revise any deficiencies, omissions, or errors in the work or the product of the work or which result from Contractor's failure to perform in accordance with this standard of care. Any approval by the County of any products or services furnished or used by Contractor shall not in any way relieve Contractor of the responsibility for professional and technical accuracy and adequacy of its work. County review, approval, or acceptance of, or payment for any of Contractor's work under this contract shall not operate as a waiver of any of the County's rights or causes of action under this contract, and Contractor shall be and remain liable in accordance with the terms of the contract and applicable law.

Contractor shall furnish competent and skilled personnel to perform the work under this contract. The County reserves the right to approve key personnel assigned by Contractor to perform work under this contract. Approved key personnel shall not be taken off of the project by Contractor without the prior written approval of the County, except in the event of termination of employment. Contractor shall, if requested to do so by the County, remove from the job any personnel whom the County determines to be incompetent, dishonest, or uncooperative.

4. COUNTY REPRESENTATIVE. The County may designate a County representative for this contract. If designated, all notices, project materials, requests by Contractor, invoice forms, and progress reports, and any other communication about the contract shall be addressed or be delivered to the County Representative.

5. CHANGES TO SCOPE OF WORK. The County may, at any time, by written order, make changes to the general scope, character, or cost of this contract and in the services or work to be performed, either increasing or decreasing the scope, character, or cost of Contractor's performance under the contract. Contractor shall provide to the County within 10 calendar days, a written proposal for accomplishing the change. The proposal for a change shall provide enough detail, including personnel hours for each sub-task and cost breakdowns of tasks, for the County to be able to adequately analyze the proposal. The County will then determine in writing if Contractor should proceed with any or all of the proposed change. If the change causes an increase or a decrease in Contractor's cost or time required for performance of the contract as a whole, an equitable adjustment shall be made and the contract accordingly modified in writing. Any claim of Contractor for adjustment under this clause shall be asserted in writing within 30 days of the date the County notified Contractor of the change.

When changes are sought by Contractor, Contractor shall, before any work commences, estimate their effect on the cost of the contract and on its schedule and notify the County in writing of the estimate. The proposal for a change shall provide enough detail, including personnel hours for each sub-task and cost breakdowns of tasks, for the County to be able to adequately analyze the proposal. The County will then determine in writing if Contractor should proceed with any or all of the proposed change.

Except as provided in this paragraph, no change shall be implemented by Contractor unless the change is approved by the County in writing. Unless otherwise agreed to in writing, the provisions of this contract shall apply to all changes. Verbal approval of a change may be provided by the County when the County, in its sole discretion, determines that time is critical or public health and safety are of concern. Any verbal approval shall be confirmed in writing as soon as practicable. Any change undertaken without prior County approval shall not be compensated and is, at the County's election, sufficient reason for contract termination.

6. COUNTY COOPERATION. The County agrees that its personnel will cooperate with Contractor in the performance of its work under this contract and that such personnel will be available to Contractor for consultation at reasonable times and after being given sufficient advance notice that will prevent conflict with their other responsibilities. The County also agrees to provide Contractor with access to County records in a reasonable time and manner and to schedule items which require action by the Board of County Commissioners in a timely manner. The County and Contractor also agree to attend all meetings called by the County or Contractor to discuss the work

under the Contract, and that Contractor may elect to conduct and record such meetings and shall later distribute prepared minutes of the meeting to the County.

7. DISCOVERY OF CONFLICTS, ERRORS, OMISSIONS, AMBIGUITIES, OR DISCREPANCIES. Contractor warrants that it has examined all contract documents, has brought all conflicts, errors, discrepancies, and ambiguities to the attention of the County in writing, and has concluded that the County's resolution of each matter is satisfactory to Contractor. All future questions Contractor may have concerning interpretation or clarification of this contract shall be submitted in writing to the County within 10 calendar days of their arising. The writing shall state clearly and in full detail the basis for Contractor's question or position. The County representative shall render a decision within 15 calendar days. The County's decision on the matter is final and accepted by Contractor as final. Any work affected by a conflict, error, omission, or discrepancy which has been performed by Contractor prior to having received the County's resolution shall be at Contractor's risk and expense. At all times, Contractor shall carry on the work under this contract and maintain and complete work in accordance with the requirements of the contract or determination of the County. Contractor is responsible for requesting clarification or interpretation and is solely liable for any cost or expense arising from its failure to do so.

8. CONSTRUCTION AND INTERPRETATION OF CONTRACT. This contract shall be construed and interpreted according to the laws of the State of Nevada.

9. DISPUTE RESOLUTION. Any dispute not within the scope of ¶ 7 shall be resolved under this paragraph. Either party shall provide to the other party, in writing and with full documentation to verify and substantiate its decision, its stated position concerning the dispute. No dispute shall be considered submitted and no dispute shall be valid under this provision unless and until the submitting party has delivered the written statement of its position and full documentation to the other party. The parties shall then attempt to resolve the dispute through good faith efforts and negotiation between the County Representative and a Contractor representative. At all times, Contractor shall carry on the work under this contract and maintain and complete work in accordance with the requirements of the contract or determination or direction of the County. If the dispute is not resolved within 30 days, the parties may mutually agree to arbitration in accordance with the Construction Industry Dispute Resolution Procedures of the American Arbitration Association, or if arbitration is not mutually agreed upon, litigation may be initiated in a court of competent jurisdiction.

10. TERMINATION OF CONTRACT

A. TERMINATION, ABANDONMENT, OR SUSPENSION AT WILL. Except as otherwise provided in ¶ 2, the County, in its sole discretion, shall have the right to terminate, abandon, or suspend all or part of the project and contract at will. If the County chooses to terminate, abandon, or suspend all or part of the project, it shall provide Contractor 10 days written notice of its intent to do so.

If all or part of the project is suspended for more than 90 days, the suspension shall be treated as a termination at will of all or part of the project and contract.

Upon receipt of notice of termination, abandonment, or suspension at will, Contractor shall:

1. Immediately discontinue work on the date and to the extent specified in the notice.
2. Place no further orders or subcontracts for materials, services, or facilities, other than as may be necessary or required for completion of such portion of work under the contract that is not terminated.
3. Immediately make every reasonable effort to obtain cancellation upon terms satisfactory to the County of all orders or subcontracts to the extent they relate to the performance of work terminated, abandoned, or suspended under the notice, assign to the County any orders or subcontracts specified in the notice, and revoke agreements specified in the notice.
4. Not resume work after the effective date of a notice of suspension until receipt of a written notice from the County to resume performance.

In the event of a termination, abandonment, or suspension at will, Contractor shall receive all amounts due and not previously paid to Contractor for work satisfactorily completed in accordance with the contract prior to the date of the notice and compensation for work thereafter completed as specified in the notice. No amount shall be allowed or paid for anticipated profit on unperformed services or other unperformed work.

B. TERMINATION FOR CAUSE. This agreement may be terminated by the County on 10 calendar days written notice to Contractor in the event of a failure by Contractor to adhere to all the terms and conditions of the contract or for failure to satisfactorily, in the sole opinion of the County, pursue the project or to complete work in a timely and professional manner. Contractor shall be given an opportunity for consultation with the County prior to the effective date of the termination. Contractor may terminate the contract on 10 calendar days written notice if, through no fault of Contractor, the County fails to pay Contractor for 30 days after the date of approval of any submitted invoice forms and progress reports.

In the event of a termination for cause, Contractor shall receive all amounts due and not previously paid to Contractor for work satisfactorily completed in accordance with the contract prior to the date of the notice, less all previous payments. No amount shall be allowed or paid for anticipated profit on unperformed services or other unperformed work. Any such payment may be adjusted to the extent of any additional costs occasioned to the County by reasons of Contractor's failure. Contractor shall not be relieved of liability to the County for damages sustained from the failure, and the County may withhold any payment to the Contractor until such time as the exact amount of damages due to the County is determined. All claims for payment by the Contractor

must be submitted to the County within 30 days of the effective date of the notice of termination.

If after termination for the failure of Contractor to adhere to all the terms and conditions of the contract or for failure to satisfactorily, in the sole opinion of the County, pursue the project or to complete work in a timely and professional manner, it is determined that Contractor had not so failed, the termination shall be deemed to have been a termination at will. In that event, an equitable adjustment in the compensation paid to Contractor shall be made by the County. The adjustment shall include a reasonable profit for services or other work performed up to the effective date of termination less all previous payments.

C. GENERAL PROVISIONS FOR TERMINATION. Upon termination of the contract, the County may take over the work and prosecute it to completion by agreement with another party or otherwise. In the event Contractor shall cease conducting business, the County shall have the right to solicit applications for employment from any employee of the Contractor assigned to the performance of the contract.

Neither party shall be considered in default of the performance of its obligations hereunder to the extent that performance of such obligations is prevented or delayed by any cause, existing or future, which is beyond the reasonable control of such party. Delays arising from the actions or inactions of one or more of Contractor's principals, officers, employees, agents, subcontractors, consultants, vendors, or suppliers are expressly recognized to be within Contractor's control.

11. NO DAMAGES FOR DELAY. Apart from a written extension of time, no payment, compensation, or adjustment of any kind shall be made to Contractor for damages because of hindrances or delays in the progress of the work from any cause, and Contractor agrees to accept in full satisfaction of such hindrances and delays any extension of time which the County may provide. If the project is delayed more than six months, either party may terminate the contract by providing written notice to the other party.

12. INSURANCE. Contractor shall carry and maintain in effect during the performance of services under this contract worker's compensation and employer's liability insurance covering the Contractor's employees in accordance with statutory requirements, professional liability insurance, general liability insurance, and such other insurance coverage normally carried by Contractor insuring against the injury, loss, or damage to persons and property caused by Contractor's activities. Any additional insurance as may be required shall be as set forth below. Contractor shall maintain in effect at all times during the performance under this contract all specified insurance coverage with insurers and forms of policy satisfactory to the County, acceptance of which shall not be unreasonably withheld. None of the requirements as to types, limits, and approval of insurance coverage to be maintained by Contractor are intended to and shall not in any manner limit or qualify the liabilities and obligations assumed by

Contractor under the contract. Unless specifically set forth below, the County shall not maintain any insurance on behalf of Contractor.

Contractor will provide the County with certificates of insurance for coverage as listed below and endorsements affecting coverage required by the contract within 10 calendar days after the notice of award is issued by the County. The certificates and endorsements for each insurance policy are to be signed by a person authorized by the insurer and who is licensed by the State of Nevada.

A. Each insurance company's rating as shown in the latest Best's Key rating guide shall be fully disclosed and entered on the required certificate of insurance. The adequacy of the insurance supplied by Contractor, including the rating and financial health of each insurance company providing coverage, is subject to the approval of the County.

B. The County and its officers and employees must be expressly covered as additional insured, except on professional liability and workers compensation coverage.

C. Contractor's insurance shall be primary as respects the County and its officers and employees.

D. Contractor's general liability insurance policies shall provide coverage for Contractor's contractual liability to the County. The parties further agree that Contractor or its insurance carrier shall provide the County with 30 days advance notice of cancellation of the policies.

E. All deductibles and self-insured retentions shall be fully disclosed in the certificates of insurance.

F. If aggregate limits of less than \$2,000,000 are imposed on bodily injury and property damage, the Contractor must maintain umbrella liability insurance of at least \$1,000,000. All aggregates must be fully disclosed on the required certificate of insurance.

G. Contractor shall obtain and maintain, for the duration of this contract, general liability insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work under this contract by Contractor or its agents, representatives, or employees. No separate payment shall be made by the County for the cost of such insurance.

H. General liability coverage shall be on a "per occurrence" basis only and not "claims made." The coverage must be provided either on a Commercial General Liability Form A or a Broad Form Comprehensive General Liability form. The parties agree that no exceptions will be permitted to the coverage provided

in such forms. Policies must include, but need not be limited to, coverage for bodily injury, personal injury, broad form property damage, premises operations, severability of interest, products and completed operations, contractual and independent contractors. General liability insurance policies shall be endorsed to include the County as an additional insured. Subject to ¶ F of this section, Contractor shall maintain limits of no less than \$1,000,000 combined single limit per occurrence for bodily injury (including death), personal injury, and property damages.

I. Contractor shall obtain and maintain, for the duration of this contract, automobile coverage which must include, but need not be limited to, coverage against claims for injuries to persons or damages to property which may arise from or in connection with the use of any automobile in the performance of work under this contract by Contractor or its agents, representatives, or employees. Subject to ¶ F of this section, Contractor shall maintain limits of no less than \$1,000,000 combined single limit "per occurrence" for bodily injury and property damage.

J. Contractor shall obtain and maintain professional liability coverage in a form acceptable to the County in an amount of \$500,000 per claim, \$500,000 annual aggregate. If Contractor's retention or deductible is greater than \$25,000, Contractor shall demonstrate upon request of the County to the County's satisfaction Contractor's ability to fund the retention or deductible.

K. If contractor fails to maintain any of the required insurance coverage, then the County will have the option to declare Contractor in breach and terminate the contract, or the County may purchase replacement insurance or pay the premiums that are due on existing policies in order that the required coverage is maintained. Contractor is responsible for any payments made by the County to obtain or maintain such insurance, and the County may collect the same from Contractor or deduct the amount paid from any sums due Contractor under this contract.

L. The specified insurance requirements do not relieve Contractor of its responsibility or limit the amount of its liability to the County or other persons, and Contractor is encouraged to purchase such additional insurance as it deems necessary.

M. Contractor is responsible for and required to remedy all damage or loss to any property, including property of the County, caused in whole or in part by Contractor or anyone employed, directed, or supervised by Contractor.

13. FISCAL CONTINGENCY. All payments under this contract are contingent upon the availability to the County of the necessary funds. In accordance with Nev.Rev.Stat. § 354.626, Nev.Rev.Stat. § 244.320, and any other applicable provision of law, the financial obligations under this contract between the parties shall not exceed

those monies appropriated and approved by the County for this contract for the then current fiscal year under the Local Government Budget Act. This contract shall terminate and the County's obligations under it shall be extinguished at the end of any fiscal year in which the county fails to appropriate monies for the ensuing fiscal year sufficient for the performance of this contract.

Nothing in this contract shall be construed to provide Contractor with a right of payment over any other entity. Any funds obligated by the County under this contract that are not paid to Contractor shall automatically revert to the County's discretionary control upon the completion, termination, or cancellation of the agreement. The County shall not have any obligation to re-award or to provide, in any manner, the unexpended funds to Contractor. Contractor shall have no claim of any sort to the unexpended funds.

14. RETENTIONS. Review by the County of Contractor's submitted monthly invoice forms and progress reports for payment will be promptly accomplished by the County. If there is insufficient information, the County may require Contractor to submit additional information. Unless the County, in its sole discretion, decides otherwise, the County shall pay Contractor in full within 30 days of approval of the submitted monthly invoice forms and progress reports as follows:

a) From the dollar amount of work in place, a 10% retention may, at the County's election during any point of the contract, be deducted from each monthly progress payment.

b) Upon completion of 50% of the work in place and if, in the sole opinion of the County, the work is progressing satisfactorily, the County may forego further retentions.

c) If, at any time after foregoing a retention from a payment, the County determines that Contractor is failing to make satisfactory progress, the County may resume retentions.

d) No interest will be paid on any retention.

15. COMPLIANCE WITH APPLICABLE LAWS. Contractor, at all times, shall fully and completely comply with all applicable local, state and federal laws, statutes, regulations, ordinances, orders, or requirements of any sort in carrying out the obligations of this contract, including, but not limited to, all federal, state, and local accounting procedures and requirements, all immigration and naturalization laws, and the Americans With Disabilities Act. Contractor shall, throughout the period services are to be performed under this contract, monitor for any changes to the applicable laws, statutes, regulations, ordinances, orders, or requirements, shall promptly notify the County in writing of any changes to the same relating to or affecting this contract, and shall submit detailed documentation of any effect of the change in terms of both time and cost of performing the contract.

16. NONDISCRIMINATION. If applicable or required under any federal or state law, statute, regulation, order, or other requirement, Contractor agrees to the following terms. Contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap in regard to any position for employment which the employee or applicant for employment is qualified. Contractor agrees to take affirmative action to employ, advance in employment, or to otherwise treat qualified, handicapped individuals without discrimination based upon physical or mental handicap in all employment practices, including but not limited to the following: employment, upgrading, demotion, transfer, recruitment, advertising, layoff, termination, rates of pay, or other forms of compensation and selection for training, including apprenticeship.

Contractor acknowledges that it is aware of and is fully informed of Contractor's obligations under Executive Order 11,246 and, where applicable, shall comply with the requirements of the Order and all other orders, rules, and regulations promulgated under the Order unless exempted from therefrom.

Without limitation of the foregoing, Contractor's attention is directed to 41 C.F.R. § 60-1.4, and the clause entitled "Equal Opportunity Clause" which, by reference, is incorporated into this contract, to 41 C.F.R. § 60-250 et seq. and the clause entitled "Affirmative Action Obligations of Contractors and Subcontractor for Disabled Veterans and Veterans of the Vietnam Era," which, by reference, is incorporated in this contract, and to 41 C.F.R. § 60-471 and the clause entitled "Affirmative Action Obligations of Contractors and Subcontractors for Handicapped Workers," which, by this reference, is incorporated in this contract.

Contractor agrees to assist disadvantaged business enterprises in obtaining business opportunities by identifying and encouraging disadvantaged suppliers, consultants, and subconsultants to participate to the extent possible, consistent with their qualification, quality of work, and obligation of Contractor under this contract.

In connection with the performance of work under this contract, Contractor agrees not to discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, or age. This agreement includes, but is not limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

Contractor agrees, if applicable, to insert these provisions in all subcontracts, except for subcontracts for standard commercial supplies or raw materials. Any violation of any applicable provision by Contractor shall constitute a material breach of the contract.

17. FEDERAL SUBCONTRACTING REQUIREMENTS. If Contractor awards a subcontract under this contract, Contractor, if applicable, shall use the following alternative steps:

- a. Placing Small Businesses in Rural Areas (SBRAs) on solicitation lists;
- b. Ensuring that SBRAs are solicited whenever they are potential sources;
- c. Dividing total requirements, when economically feasible, into small tasks or quantities to permit maximum participation by SBRAs;
- d. Establishing delivery schedules, where the requirements of work will permit, which would encourage participation by SBRAs;
- e. Using the services of the Small Business Administration and the Minority Business Development Agency of the United States Department of Commerce, as appropriate; and
- f. Requiring the subcontractor, if it awards subcontracts, to take the affirmative steps set forth in ¶¶ a-e.

If applicable, Contractor agrees to complete and submit to the County a Minority Business Enterprise/Woman Business Enterprise (MBE/WBE) Utilization Report (Standard Form 334) within 30 days after the end of each fiscal quarter until the end of the contract.

18. CONTRACTOR ENDORSEMENT. Contractor shall seal and/or stamp and sign professional documents including drawings, plans, maps, reports, specifications, and other instruments of service prepared by Contractor or under its direction as required under the laws of the State of Nevada.

19. ASSIGNMENT, TRANSFER, DELEGATION, OR SUBCONTRACTING. Contractor shall not assign, transfer, delegate, or subcontract any rights, obligations, or duties under this contract without the prior written consent of the County. Any such assignment, transfer, delegation, or subcontracting without the prior written consent of the County is void.
