The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty), Contractor shall pay Owner Two Thousand, Two Hundred Dollars (\$2,200.00) for each day that expires after the time specified in Paragraph 4.02 above for Substantial Completion until the Work is substantially complete. ## 6.02 Progress Payments; Retainage

A. Owner shall make progress payments on account of the Contract Price, based solely on the basis of Contractor's Applications for Payment, in accordance with paragraph 14.02.C.1 of the General Conditions as modified by the Supplementary Conditions.

1. Progress payments will be made for ninety-five percent (95%) of the amount of each invoice, until fifty percent (50%) of the Work required by this Agreement. All such payments will be measured by the schedule of values established in paragraph 2.05.A.3 of the General Conditions (and in the case of Unit Price Work based on the number of units completed). After fifty percent (50%) of the Work required by this Agreement have been performed, the Owner may pay to the Contractor any of the remaining progress payments without withholding additional retainage if, in the Engineer's sole discretion, satisfactory progress is being made on the Services in accordance with NRS 338.515. If the Engineer determines that such satisfactory progress is being made, the Owner may pay any amount of retainage withheld from progress payments made during the Contractor's completion of the first fifty percent (50%) of Work required by this Agreement on the condition that if a subcontractor performed a portion of the Work, the Engineer determined that such Work was in compliance with this Agreement, the subcontractor submits to the Contractor a release of a mechanics lien for the portion of Work so completed, and a release of any applicable mechanics lien from each of the subcontractor's subcontractors and suppliers, and the amount of retainage the Owner pays is in proportion to the Work which the subcontractor performed. If the Contractor is paid for any retainage for Work completed by its subcontractors, the Contractor must pay to the subcontractor any retainage it held pursuant to NRS 338.555. If the Engineer determines that satisfactory progress is being made on the Work and does not withhold any amount pursuant to NRS 338.525, the Owner may pay ninety-seven and one-half percent (97.50%) of the amount of each invoice after completion of the first fifty percent (50%) of the Work and will release to the Contractor fifty percent (50%) of the retainage withheld from invoices received for the first fifty percent (50%) of Work completed. If the Engineer determines that satisfactory progress is not being made on the Work and does withhold an amount pursuant to NRS 338.525, the Owner may pay ninety-five percent (95%) of the amount of each invoice after completion of the first fifty percent (50%) of the Services and will continue to withhold the retainage withheld from invoices received for the first fifty percent (50%) of Services completed. The final audit shall be performed after the release of the retainage and may cause an adjustment of payments to the Owner or to the Contractor.
2. Except as otherwise provided in NRS 338.525, the Owner will pay the Contractor the actual cost of the supplies, materials and equipment, that are identified in Contract; have been delivered and stored at the location; and in the time and manner specified in the Contract by the Contractor or subcontractor or supplier for use in the Work; and are in short supply or were specially made project.

All moneys not paid when due as provided in Article 14 of the General Conditions shall bear interest at the rate equal to the rate quoted by at least three insured banks, credit unions or savings and loan associations in this State as the highest rate paid on a certificate of deposit whose duration is approximately 90 days on the first day of the quarter.
