Grantee will be responsible for any damages, proximately caused by Grantee negligently constructing, operating, adding to, maintaining, or removing the Underground Utility Facilities and/or the Additional Utility Facilities, to any tangible, personal property or improvements owned by Grantor and located on Easement Area 1 and/or Easement Area 2 on the date Grantor signs the Grant of Easement. However, this paragraph does not apply to, and Grantee is not responsible for, any damages caused when Grantee exercises its rights under numbered paragraph 5 above.

Grantor covenants for the benefit of Grantee, its successors and assigns, that no building, structure or other real property improvements will be constructed or placed on or within the Easement Area 1 or Easement Area 2 without the prior written consent of Grantee, such structures and improvements to include, but not be limited to, drainage, trees, bridges, signage, roads, fencing, storage facilities, parking canopies, and other covered facilities. Grantee and Grantor must document Grantee's consent by both signing Grantee's standard, recordable use agreement. Grantor retains, for its benefit, the right to maintain, use and otherwise landscape Easement Area 1 and Easement Area 2 for its own purposes; provided, however, that all such purposes and uses do not interfere with Grantee's rights herein and are in all respects consistent with the Grantee's rights herein, Grantee's electrical practices, and the National Electrical Safety Code. Grantee may use this easement to provide service to any of its customers.

To the fullest extent permitted by law, Grantor and Grantee waive any right each may have to a trial by jury in respect of litigation directly or indirectly arising out of, under or in connection with this Grant of Easement. Grantor and Grantee further waive any right to consolidate any action in which a jury trial has been waived with any other action in which a jury trial cannot be or has not been waived.
