**Reason for Award:** To fund MOST services

**County(ies) to be served:** Douglas

**Approved Budget Categories:**

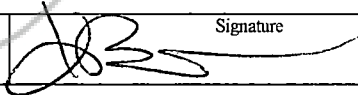

1. Personnel	\$	10,750
2. Contractual/Consultant	\$	0
3. Travel	\$	0
4. Training	\$	0
5. Operating	\$	0
6. Other	\$	0
<b>Total Cost</b>	<b>\$</b>	<b>10,750</b>

**Disbursement of funds will be as follows:**  
 Payment will be made upon receipt and acceptance of an invoice and supporting documentation specifically requesting reimbursement for actual expenditures *specific to this agreement*. Total reimbursement will not exceed \$25,000 during the subgrant period.

Source of Funds:	Amount:	% of Funds:	CFDA#:	Federal Grant #:
1. State General Fund	10,750	100%	NA	NA

**Terms and Conditions**  
 In accepting these grant funds, it is understood that:

1. Expenditures must comply with appropriate state and/or federal regulations.
2. This award is subject to the availability of appropriate funds.

**Brief Description of program:** The Douglas County Mobile Outreach Safety Team (MOST) provides services to all Douglas County residents and visitors experiencing mental illness, substance abuse disorders, or suicidal crisis. MOST is operated by a sheriff's deputy, a firefighter/paramedic, a licensed clinical social worker, and case manager.

**Problem Statement:** According to the 2018 Epidemiologic Profile Northern Region (Carson City, Douglas, Lyon, Mineral, and Storey Counties), hospital visits to both emergency department and inpatient admissions have increased significantly since 2009, especially for depression and anxiety. While mental health utilization has decreased from state-funded facilities state wide, in Northern Nevada utilization has remained steady from 2011-2017. Between 2009 and 2017, Northern Nevada had its highest age-adjusted suicide rate in 2014, which was 29.9 per 100,000 population while the lowest rate was in 2012, with 16.6 per 100,000 population. The MOST program is an opportunity to connect folks to mental health treatment that may not seek out treatment otherwise or will end up in the Douglas County jail. In 2018, 220 individuals were referred to the MOST program. MOST in Douglas County offers services every Thursday. Almost 90 of those individuals were referred to community partner for additional services.

**Goal 2: To provide community outreach activities to inform potential partner referral agencies, behavioral health providers, and social service providers about MOST and to encourage collaboration between MOST and the partners.**

**Outcome Objective 2a:** Referral agencies, behavioral health providers and social service providers will gain a better understanding of MOST and will be encouraged to collaborate with MOST, as evidenced by MOST members providing community outreach activities at a minimum of three community events. **Percent Funding: 5%**

Activities including Evidence-based Programs	Date due by	Documentation
1. MOST will provide information and marketing materials at a minimum of three community events.	6/30/2020	<ul style="list-style-type: none"> <li>Date, title, location, and target audience of the community even.</li> <li>Estimated number of information and marketing materials provided.</li> <li>Number of follow up contacts with partners.</li> <li>Data entered into identified electronic data collection system.</li> </ul>
2. MOST will provide information to 20 community partners for information.	6/30/2020	

**Evaluation:** 1. Quarterly reports submitted to DPBH by deadline. 2. At a minimum, DBPH will conduct an annual provider site visit.

**Goal 3:** To ensure MOST members receive relevant and appropriate training in order to effectively provide services for the target population.

**Outcome Objective 2a: 100%** of the MOST members will receive training on evidence-based practices or best practices related to crisis intervention. Training topics may include any of the following: crisis intervention strategies and techniques, trauma-informed responses; motivational interviewing; de-escalation techniques; coping skills; psychotropic medications to treat mental health disorders; pharmacotherapeutic agents to treat substance use disorders; short-term interventions for individuals with mental health disorders; short-term interventions for individuals with substance-related disorders, and related clinical intervention techniques. **Percent Funding: 10%**

Activities including Evidence-based Programs	Date due by	Documentation
1. MOST members will be trained by in-service or professional trainers. The trainings will be in-person or by webinar or other on-line sources and may be in-state or out-of-state.	6/30/2020	<ul style="list-style-type: none"> <li>Total number and percentage of individuals trained will be tracked in the standardized database.</li> <li>Training attendance logs.</li> </ul>

**Evaluation:** 1. Quarterly reports submitted to DPBH by deadline. 2. At a minimum, DBPH will conduct an annual provider site visit. Click here to enter evaluation.

Brief Description of program

Problem Statement: [Click here to enter the problem that is to be addressed.](#)

Goal 1: To increase public safety by reducing recidivism.

Outcome Objective 1a: RISK/NEED - To use the criminogenic risk and behavioral health needs framework and criminogenic-model to ensure 95% of the SAPTA-funded FASTT services are prioritized for moderate to high-risk individuals with moderate to high behavioral health needs.	Percent Funding: %.
Activities including Evidence-based Programs	
FASTT staff will participate in trainings and technical assistance activities as provided by DPBH staff, as requested.	
Evaluation: 1. Quarterly reports submitted to DPBH by deadline.
