Owner and Contractor hereby agree as follows:

**ARTICLE 1 – WORK**

**ARTICLE 4 – CONTRACT TIMES**

4.01 *Time of the Essence*

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Contract Times: Days*

A. The Work will be substantially completed within 40 days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within 45 days after the date when the Contract Times commence to run.

4.03 *Liquidated Damages*

A. Contractor and Owner recognize that time is of the essence as stated in Paragraph 4.01 above and that Owner will suffer financial and other losses if the Work is not completed and Milestones not achieved within the times specified in Paragraph 4.02 above, plus any extensions thereof allowed in accordance with the Contract. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of

requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty):

1. Substantial Completion: Contractor shall pay Owner \$500.00 for each day that expires after the time (as duly adjusted pursuant to the Contract) specified in Paragraph 4.02.A above for Substantial Completion until the Work is substantially complete.
2. Completion of Remaining Work: After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times (as duly adjusted pursuant to the Contract) for completion and readiness for final payment, Contractor shall pay Owner \$500.00 for each day that expires after such time until the Work is completed and ready for final payment.
3. Liquidated damages for failing to timely attain Substantial Completion and final completion are not additive and will not be imposed concurrently.

#### **ARTICLE 5 – CONTRACT PRICE**

5.01 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents the amounts that follow, subject to adjustment under the Contract:

All specific cash allowances are included in the above price in accordance with Paragraph 13.02 of the General Conditions.

- B. For all Unit Price Work, an amount equal to the sum of the established unit price for each separately identified item of unit price work times the actual quantity of that item.
- C. The bid prices for Unit Price Work set forth as of the Effective Date of the Contract are based on estimated quantities. As provided in Paragraph 13.03 of the General Conditions, estimated quantities are not guaranteed, and determinations of actual quantities and classifications are to be made by Engineer.
- D. Work shall include the following items:
1. Base Bid
  2. N/A

#### **ARTICLE 6 – PAYMENT PROCEDURES**

6.01 *Submittal and Processing of Payments*

- A. Contractor shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.

6.02 *Progress Payments; Retainage*

- A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment on or about the 1st day of each month during performance of the Work as provided in Paragraph 6.02.A.1 below, provided that such Applications for Payment have been submitted in a timely manner and otherwise meet the requirements of the Contract. All such payments will be measured by the Schedule of Values established as provided in the General Conditions (and in the case of Unit Price

Work based on the number of units completed) or, in the event there is no Schedule of Values, as provided elsewhere in the Contract.

B. Progress payments will be made as follows:

1. Until fifty percent (50%) of the Work required by this Agreement has been performed, progress payments will be paid in an amount equal to ninety-five percent (95%) of each invoice. The remaining five percent (5%) will be withheld as retainage.
2. After fifty percent (50%) of the Work required by this Agreement has been performed, if requested by the Contractor, the Owner may pay to the Contractor any of the remaining progress payments without withholding additional retainage if, in the Engineer's opinion, satisfactory progress is being made on the Services in accordance with NRS 338.515.
3. If, after fifty percent (50%) of the Work required by this Agreement has been performed, the Engineer determines that satisfactory progress is being made, the Owner may pay any amount of retainage withheld from progress payments made during the Contractor's completion of the first fifty percent (50%) of Work required by this Agreement on the condition that if a subcontractor performed a portion of the Work, the Engineer determined that such Work was in compliance with this Agreement, the subcontractor submits to the Contractor a release of a mechanics lien for the portion of Work so completed, and a release of any applicable mechanics lien from each of the subcontractor's subcontractors and suppliers, and the amount of retainage the Owner pays is in proportion to the Work which the subcontractor performed. If the Contractor is paid for any retainage for Work completed by its subcontractors, the Contractor must pay to the subcontractor any retainage it held pursuant to NRS 338.555.
4. If the Engineer determines that satisfactory progress is being made on the Work and does not withhold any amount pursuant to NRS 338.525, the Owner may pay ninety-seven and one-half percent (97.5%) of the amount of each invoice after completion of the first fifty percent (50%) of the Work and will release to the Contractor fifty percent (50%) of the retainage withheld from invoices received for the first fifty percent (50%) of Work completed. If the Engineer determines that satisfactory progress is not being made on the Work and does withhold an amount pursuant to NRS 338.525, the Owner may pay ninety-five percent (95%) of the amount of each invoice after completion of the first fifty percent (50%) of the Services and will continue to withhold the retainage withheld from invoices received for the first fifty percent (50%) of Services completed. The final audit shall be performed after the release of the retainage and may cause an adjustment of payments to the Owner or to the Contractor.

- C. Except as otherwise provided in NRS 338.525, the Owner will pay the Contractor the actual cost of the supplies, materials and equipment, that are identified in Contract; have been delivered and stored at the location; and in the time and manner specified in the Contract by the Contractor or subcontractor or supplier for use in the Work; and are in short supply or were specially made project.

6.03 *Final Payment*

- A. Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer as provided in said Paragraph 15.06.

## ARTICLE 7 – INTEREST

- 7.01 All amounts not paid when due shall bear interest, payable at the end of each quarter, at the rate equal to the rate quoted by at least three insured banks, credit unions or savings and loan associations in this State as the highest rate paid on a certificate of deposit whose duration is approximately 90 days on the first day of the quarter. If the amount due to the Contractor at the end of the quarter is less than \$500, Owner may hold the interest in accordance with NRS 338.515.

## ARTICLE 8 – CONTRACTOR’S REPRESENTATIONS
