GRANT OF EASEMENT

2221 Lands End LLC, a Nevada limited liability company, (“Grantor”), for One Dollar (\$1.00) and other good and valuable consideration – receipt of which is hereby acknowledged – and on behalf of itself and its successors and assigns, grants and conveys to Sierra Pacific Power Company, a Nevada corporation, d/b/a NV Energy (“Grantee”) and its successors and assigns a perpetual right and easement:

1. to construct, operate, add to, modify, maintain and remove communication facilities and electric line systems for the distribution of electricity underground, consisting of cables, conduit, duct banks, manholes, vaults, and other equipment, fixtures, apparatus, and improvements (“Underground Utility Facilities”) and transformers (aboveground or underground), service boxes/meter panels (aboveground or underground), cabinets (aboveground or underground), bollards (aboveground), and other equipment, fixtures, apparatus, and improvements (“Additional Utility Facilities”) upon, over, under and through the property legally described in Exhibit A, in the areas depicted on Exhibit B, both of which are attached hereto and by this reference made a part of this Grant of Easement (“Easement Area”);
2. for reasonable ingress and egress to, from, over and across the Easement Area for the allowed purposes defined in numbered paragraph 1 above and for all other activities permitted by this agreement;
3. to remove, clear, cut or trim any obstruction or material (including trees, other vegetation and structures) from the surface or subsurface of the Easement Area as Grantee may deem necessary or advisable, in its reasonable discretion, for the safe and proper use and maintenance of the Underground Utility Facilities or the Additional Utility Facilities within the Easement Area.

Grantee will be responsible for any damages, proximately caused by Grantee negligently constructing, operating, adding to, maintaining, or removing the Underground Utility Facilities and/or the Additional Utility Facilities, including damage resulting from personal injury or death, or damage to any tangible, personal

property or improvements owned by Grantor and located on the Easement Area on the date Grantor signs the Grant of Easement. Following the completion of any excavation, installation, maintenance, or construction within the Easement Area, Grantee, or its successor(s) in interest, shall restore the Easement Area to as close to a natural condition as is reasonably possible.

Grantor covenants for the benefit of Grantee, its successors and assigns, that no building, structure or other real property improvements will be constructed or placed on or within the Easement Area without the prior written consent of Grantee (such consent not to be unreasonably withheld or conditioned), such structures and improvements to include, but not be limited to, drainage, trees, bridges, signage, roads, fencing, storage facilities, parking canopies, and other covered facilities. Grantee and Grantor must document Grantee's consent by both signing Grantee's standard, recordable use agreement. Grantor retains, for its benefit, the right to maintain, use and otherwise landscape the Easement Area for its own purposes; provided, however, that all such purposes and uses do not interfere with Grantee's rights herein and are in all respects consistent with the Grantee's rights herein, Grantee's electrical practices, and the National Electrical Safety Code. Grantee may use this easement to provide service to any of its customers.

Grantee will install facilities as close to the locations identified below on Exhibit B as reasonably possible. In the event of an unforeseen conflict, a new location for the facilities will be mutually agreed upon between Grantor and Grantee. Grantor agrees to cooperate in good faith with that process.

Upon completion of initial installation of the Underground and Additional Utility Facilities, Grantee agrees to remove any previously existing overhead electric facilities that it does not deem necessary or in use, not including any telecommunications facilities. Grantee shall provide Grantor with an as-built drawing depicting approximate locations (only) of the Underground Utility Facilities installed under this Grant of Easement,

The parties agree that any party who prevails in any action at law or equity based on or arising out of this grant of easement shall be awarded their reasonable attorneys' fees and legal costs.

Grantee may assign this easement to any affiliate, subsidiary or parent company, whether by direct assignment or transfer by operation of law. The benefits and burdens of this agreement will run with the land pursuant to applicable law and shall be binding on Grantor's and Grantee's respective heirs, transferees, assigns and successors.

To the fullest extent permitted by law, Grantor and Grantee waive any right each may have to a trial by jury in respect of litigation directly or indirectly arising out of, under or in connection with this Grant of Easement. Grantor and Grantee further waive any right to consolidate any action in which a jury trial has been waived with any other action in which a jury trial cannot be or has not been waived.

GOE_DESIGN (Rev. 8/2017)

Exhibit A

A portion of that certain parcel of real property situate in Douglas County, State of Nevada, more particularly described as follows:

A parcel of land located in the E ½ SW ¼ Sec. 3, T. 14 N., R. 18 E., M.D.B.&M., at Glenbrook, Lake Tahoe, Douglas county, Nevada, more particularly described as follows:

Beginning at a point which bears N. 46° 40' 27" W., 1593.55 feet, from the Lake Tahoe Meander corner which is on the south section line of Section 3, T. 14 N., R. 18 E., M.D.B.&M., proceed S. 71° 09' 12" W., 91.19 feet, to the southwest corner of the parcel; thence N. 1° 15' E., 186.63 feet, to the northwest corner of the parcel which lies in the middle of a roadway; thence N. 55° 05' 52" E., 143.54 feet, along the approximate center of said roadway, to a point; thence N. 26° 41' 49" E., 196.39 feet, to an old iron stake, which is the northeastern corner of the parcel; thence S. 10° 57' 23" W., 270.23 feet, along the westerly side of the Gifford Driveway, to a point; thence continuing along westerly side of said driveway, S. 25° 50' 11" W., 166.01 feet, to the POINT OF BEGINNING, containing 0.776 acres, more or less.

Subject to an non-exclusive roadway easement twenty (20) feet in width, adjacent to and southerly of the northerly boundaries of the parcel.

Per NRS 111.312, the above legal description previously appeared in that certain document recorded on February 3, 2005 as Document No. 0635879 in the Official Records of the County of Douglas, State of Nevada.

Notwithstanding the foregoing, with respect to the Utility Facilities, Easement Area shall be reduced to an area ten (10) feet in width, being five (5) feet on each side of the centerline of the Utility Facilities after same are installed in connection with **Sierra Pacific Power Company Project ID 3008245215**. The easement area around any Additional Utility Facilities shall be reduced to three (3) feet in all directions around the perimeter of the Additional Utility Facilities, as originally installed in connection with **Sierra Pacific Power Company Project ID 3008245215**.
